

Color Conversion Chart

I painted with Delta Ceramcoat acrylics for many years and later switched to DecoArt Americana acrylics. This list works for washes with my pen and ink packets and books although some colors are not exactly the same. You may also use your own palette of colors with my patterns.

Note: Sometimes two different colors painted with full strength paint will look exactly the same, but when you add water to each to make a wash, they look different.

Delta Ceramcoat Acrylics

Black
Burnt Sienna
Burnt Umber
Brown Iron Oxide
Cadmium Red (DecoArt)
Cape Cod Blue
Christmas Green
Dark Forest Green
Fleshtone
